Help File 1: How to create a Pay Pal Account?

If you do not have a PayPal Account, we encourage you to please create a PayPal account as it makes future transactions with AWRC easier.

Please note that **if you have a debit card or Credit card** you can also make the payment **without** creating a PayPal account.

But if you do not have a debit or credit card, even then it is possible to pay via PayPal.

However we are assuming that all of you have a bank account (even if you do not have a debit card or internet banking facility or a credit card).

Possessing a bank account is necessary to be able to make payments via PayPal.

Here are some youtube links about how to start a PayPal account that may be helpful:

If you wish you create a PayPal account without a debit card or credit card, the process is a bit longer as it takes some extra verification, but it is still possible. You can follow the instructions in this video on YouTube on how to create an account without a debit or credit card (but with only a bank account):
