Asian Women's Resource Centre

for Culture and Theology

AWRC stands for Asian Women's Resource Centre for Culture and Theology. It is an organization of women and women's organizations in Asia who are engaged in promoting Asian women's theology.

Equal Partner Church

Our Affirmation

We believe that women and men are created equally in the image of God.

The church as the body of Christ has to be built up by women and men as equal partners in mission, service, and leadership.

It is our vision that Asian women's theology in action can help transform the church and society.

Solidarity Liberation

Our Faith and Vision

We strive to be in solidarity with women in struggle who are most oppressed because of class, race and gender. We strive to liberate our churches from the sexist and patriarchal ways of its worship, mission, theology, doctrines and structures.

Theological Education Cooperative Model

Our Objectives

To facilitate meetings, workshops, forums, etc., of women theologians in Asia and explore alternative models of theological education.

To model a cooperative model of working together, as an alternative to hierarchical and authoritarian models, while ensuring that the organization is accountable to its members and funding bodies.

To provide opportunities to enter into dialogue with women of many faiths and cultures in Asia.

To publish IGI and books, articles and expressions by Asian women engaged in theology and ministry.

Movement Responsibility

Our Logo

Women as seed that is growing, flowering and blossoming – a source of life and movement.

Women come together to be enriched by each other's culture, to grow as we share responsibility in helping one another, and to do theology in our living contexts.

Membership

Our Family

Women who are engaged in doing Asian women's theology or committed to seeking models of just and equal partnerships between genders and with all of creation are welcome to join our membership!

Writing Our/Her Stories Subscription

in God's image (IGI)

IGI is an Asian Christian women's effort to provide a forum for expression of our struggles, reflections on our faith, and aspirations for change.

IGI touches on national issues and various themes that are related to the reality and liberation of Asian women in general.
